PROJECTS

Educational Plaque of Pollinators on Campus

August '22 - May '23

Pollination, Ecology & Conservation Lab | Cal State East Bay

- Collaborated with biologists to determine what would be on the plaque
- Hand-drew the pollinators and formatted text boxes
- Attended fieldwork outings and assisted in catching hummingbirds

East Bay Regional Birds Interactive Painting

February '24 - May '24

Senior Project | Cal State East Bay

- Used iNaturalist to collect common bird sightings in the region
- Joined bird-watching outings on campus to confirm findings
- Hand-painted all birds using references shared by the birding group
- Configured Augmented Reality feature to ID the birds and be clickable to learn more about them
